| Who: | Middle & High School students, rising 7th-12th |
| How Much: | \$1,500 per student <i>\$1,250 if paid in full by 5/1/24</i> |

Summer is a great time for focused learning in a small class setting! Join us this summer to get ahead - or catch up - in math. We will be covering all key content for the honors level of required high school course Geometry:

- Reasoning, Lines, and Transformations
- Triangles
- Polygons and Circles
- 3D Figures

For Renaissance students, Geometry may be taken in lieu of Integrated Math I. The course is taught by Alena Solenne. Ms Solenne received her Masters Degree in Education from Antioch University, New England. She is certified in traditional public school education, Integrated Learning, and in Waldorf pedagogy. She taught in both public and private schools before moving to Charlottesville. She has taught a wide variety of classes at several local institutions, including UVA, and through her own teaching business, Solenne Learning.

“Ms. Solenne is an excellent teacher... [she] is understanding, kind, and approachable. I highly recommend her small-group classes.”

“Ms. Solenne was always patient and willing to explain something again or work through a problem together.”

“I had Ms. Solenne as a teacher and she was a wonderful instructor. She made every class fun and interesting, her classes were always fascinating and I would always remember what happened in class. She knew how to talk to us and how much to teach. Her lessons are engaging and memorable and she really helped me learn effectively.”

The class is structured to maximize class time to minimize homework. Required materials for the class are:

- Graphing paper & lined paper
- Pencils (colored pencils or pens optional)
- Binder
- TI-82 or similar graphing calculator
- Students may use own ruler, compass, and protractor. These will also be provided.

Registration for the Geometry summer session at Renaissance School is open. Class size is limited to 14 students and spots are assigned on a first-come, first-served basis, so register early to ensure your place. A minimum enrollment of 4 students is required for the class to proceed. To sign up, please use [this Google Form](#), visit RenaissanceSchool.org/summer, or call 434-984-1952 and ask for our Registrar. For more information about the class, please email the Academic Dean at bfarris@renaissanceschool.org.
